Recommendations

Hamza Essaoui (Databricks)

"Someone was looking at your code and told me you are genius – I can't agree more! Thank you for all your help with everything, we couldn't have made all this progress without your help."

Ryan Glasgow (Sprig)

"Cody always exceeded my expectations. Not only was Cody easy to work with, he also had great communication and is one of the most talented programmer's I've worked with. I'm confident he would be a great team player in any environment."

Jeff Weese (Joslex, LLC)

"Cody is amazingly talented. He is consistently able to handle whatever I throw at him. I very much appreciate the superior quality and efficiency of his work."
